The Honorable Steven C. Preston
Administrator
U.S. Small Business Administration
409 Third Street, SW
Washington, D.C. 20416

Dear Administrator Preston:

Let me take this opportunity to thank you again for meeting with me last week. I appreciate your taking the time to discuss ongoing small business needs in the Gulf Coast, U.S. Small Business Administration (SBA) efforts to improve its assistance to impacted homeowners and businesses, as well as our work together to implement substantive SBA Disaster reforms ahead of future disasters.

As we discussed, one very serious issue that many of my constituents have brought to my attention is where impacted homeowners receive both SBA disaster home loans and Louisiana Recovery Authority (LRA) *Road Home* grants. Under this scenario, some homeowners are being told by authorities that they must use *Road Home* grants to pay off SBA disaster home loans, which could prove to be a huge obstacle to rebuilding efforts. These homeowners are extremely concerned that Federal regulations are impeding their return to their communities.

Per my discussions with you, the Department of Housing and Urban Development (HUD) and the LRA, I understand that, under both the Small Business and Stafford Acts, hurricane victims are prohibited from receiving funds for disaster-related damages for which they have already been compensated (i.e. grants, loans, and insurance). When implementing the Community Development Block Grant-funded *Road Home* program, the State of Louisiana cannot duplicate Federal assistance homeowners received from SBA or the Federal Emergency Management Agency (FEMA) for the same losses. Therefore, the LRA is required to notify SBA of applicants with SBA disaster home loans and to allow SBA to review the file for any "duplication of benefits." If there is a duplication, applicants are required to use *Road Home* proceeds to pay off disaster loans, however if there is no duplication, applicants are able to retain *Road Home* proceeds.

To ensure every proper consideration is being provided to our impacted Louisiana homeowners and to clear up any confusion on this issue, I respectfully request that you provide me with a written response to the following common concerns (attached) that I have received from my constituents. As you know, the *Road Home* program is just starting and will begin receiving more applications in the coming days and weeks so I request a written response to this inquiry no later than November 6, 2006.
